

# Put Greater Profits In The Palms Of Your Hands

**Innermetrix UK Ltd**

The Leader in Professional  
Consulting Tools & Training

[www.innermetrix.co.uk](http://www.innermetrix.co.uk)

Whether you are just getting started as a professional business consultant, or you already have a secure practice but want to take it to the next level, Innermetrix has the tools and training you need.

Innermetrix UK is a research, development and certification company specialising in creating business consulting tools and processes for professional business consultants.

Our consulting tools have benefited more than 400,000 individuals around the world. To do this, we have certified over 1,500 professional business consultants on five continents as Certified Innermetrix Consultants.

We give our consultants everything they need to leverage the knowledge and tools we provide to generate more value for their clients and greater profits for the practice.

### As a Certified Innermetrix Consultant you receive:

- The most comprehensive training and support program on the market today
- Executive coaching, mentoring, business consultation, consulting tools, methodologies
- The largest suite of proven business consulting tools and processes available
  - (over 24 distinct business diagnostic & consulting tools)
- Sales and Marketing training, support and materials
- Educational seminars, local sales activity and global marketing
- Immediate power of an internationally recognised brand
- Optional Accreditation fees payable over six months

# Join Us as A Certified Innermetrix Consultant

## And Watch Your Business Grow

### What Does it Take to Become a Certified Innermetrix Consultant?

**Innermetrix** is very selective about who we ask to join our team. We have learned through experience that the success comes from a solid match of values, beliefs and ethics between IMX and our CIC's.

We will conduct an interview with you to explore how we can help you build the consulting practice that you want to have.

If accepted, you will begin a 12-week distance certification program preceded by a 2-day residency program in Glasgow.

After certification, you can join the 52 weekly optional continuing education teleconferences and regular regional live training and support events.

### Here's what some of our **Consultants** are saying about IMX:

- "I have worked in this industry for over 25 years and I have never seen such an effective, in-depth set of tools and processes that can change your consulting practice in such a significant way."
- "It has been over 4 years now that I have been utilizing your products. I have to say that as a consultant and owner of a successful firm, I would be just another "ME-TOO" out there if it wasn't for IMX and its breadth of services. Your products and training have allowed our organisation to go way beyond our own abilities to provide a world class solution for our clients."
- "We introduced the IMX process, and the benefits of it, at an executive luncheon. Of the 23 Directors in attendance, 13 signed up for the FREE review and of that, 12 became new clients. That's over 50% of the people in the audience became new clients. Those 12 new companies represent over 13,000 employees. This is an extraordinary return from a 90-minute presentation, and the Innermetrix tools and processes are what generated their interest".

### Here's what some of our consultants' **Clients** are saying about us:

- "Big savings in time, money and productivity! The IMX products and processes helped us make conscious changes to get better outcomes."
- "I was amazed at the insight Innermetrix delivered in such a short assessment process. I feel it was right on in its assessment of our leadership strengths and weaknesses."
- As a well established professional in my field, I have been very pleasantly encouraged by what the solutions have allowed me to do for my clients. The fact that they allow me additional revenue streams without additional resource, is fascinating".
